EDUCATIONAL OBJECTIVES
Identify the need for a multidisciplinary approach to resectable / metastatic pancreatic cancer.
Explain the benefits of EUS in staging and cancer related pain management.
Review the role of newer chemotherapy therapy regimens and pancreatic treatment options.
Adhere to NCCN guidelines for Stage 4 metastatic cancer.

INTENDED AUDIENCE All physicians, especially: Gastroenterologists, Colorectal Surgeons, General Surgeons, Surgical Oncologists, Medical and Hematology Oncologists, Radiation Oncologists, Primary Care including Family Medicine, General Practice and Internal Medicine, Radiologists, Pathologists, Hospitalists, Medical Students / Residents, Physician Assistants, Nurse Practitioners, and Other Health Care Professionals.

DISCLOSURES Appropriate faculty disclosure will be made at the event.
The planners of this activity have nothing to disclose.
We gratefully acknowledge commercial support from: TBD

Florida Hospital is accredited by the Florida Medical Association to provide continuing medical education for physicians. Florida Hospital designates this live activity for a maximum of 1.5 AMA PRA Category 1 Credit(s) ™. Each physician should claim only those hours of credit commensurate with the extent of their participation in the activity.

Florida Hospital is committed to making its activities accessible to all individuals. If you have a disability, please submit a description of your needs, along with your registration, to assure that you will be able to participate in the activity.

NCCN GUIDELINES The National Comprehensive Cancer Network (NCCN) guidelines are considered in discussion of treatment options for cases presented at this conference.
